Dear Executive Director Belt:

We have been contacted by constituents from our respective districts, who are retired pilots of United Airlines. They have expressed their unique situation in the United Airlines' pension crisis and a possible resolution.

We have enclosed a copy of the original letters along with the memorandums prepared by their attorney, Frank Cummings, and the Segal Company, and we would appreciate it if you could please examine their proposal.

We know that the matter will be carefully and objectively reviewed, and we are grateful for any assistance you may be able to render. Thank you for your consideration.

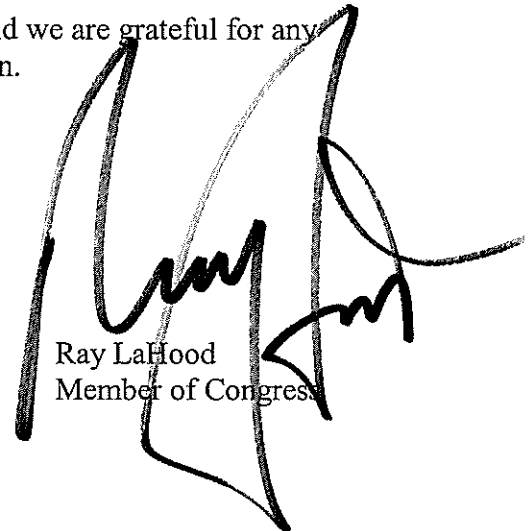

Sincerely,

Donald A. Manzullo
